Logo Design

The Golden Triangle

The Golden Triangle is a geometric version of the golden spiral.

This logomark was designed with geometry, nature and beauty in mind to create a modern logomark.

Geometry: The logomark was originally built using a 1:1.681 triangle ratio to create a clean design that draws the eye towards the center.

Full Logo

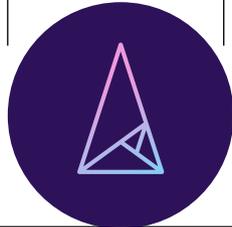

The Saami logo is composed of the Golden Triangle logomark and a logotype set in Cocomat Pro Medium.

The horizontal logo is the primary logo and should be used in most instances.

Always use the logo files provided in the logo pack.

Please do not re-create this logomark.
